Dr Ndungu demonstrating closure of Ventral hernia defect utilizing intracorporeal 'paranormal' suturing during LVHR

The Hernia Society of Kenya (HSK) held a CME and Training Workshop on Laparoscopic Abdominal wall hernia repair at Moi Teaching and Referral Hospital (MTRH)- Eldoret [25-26th May 2017](#) [8] respectively. The HSK training Faculty was led by the Society's Founding and current Chairman, Dr Bernard M. Ndungu who is a Senior Lecturer at the Dept of Human Anatomy, UoN. The other members of the Faculty were eminent Senior Laparoscopic Surgeons namely Drs S.C. Patel (Patron: AKUH), M.K. Tharao (Secretary: KNH), M.R. Khan (KNH/ Nairobi Hospital) and S. Acharya (MP Shah). A lively and educational discussion which lasted over 2 hours ensued between the attentive 60 plus

An attentive class of 60+ during the CME lectures and discussion at The Boma hotel, Eldoret.

Local Surgeons / residents and the Faculty after Lectures on Surgical Anatomy of Abdominal wall in relation to hernia repair and Current Status of Hernia repair were delivered by Ndungu, Tharao and S.C. Patel respectively. All attendants got Board Certified CPD points vouchers .

Mr Patel demonstrating TAPP and TEP repair methods

The live - Surgery workshop was conducted by the Faculty at the MTRH theatres where 3 ventral hernias and 6 inguinal hernias were successfully repaired Laparoscopically. All patients were found stable 12 - 16 hours later and were left to be discharged by the local Surgeons. This was the second HSK Laparoscopic hernia repair live- Surgery workshop in a period of six months in its endeavour to have local Surgeons proficient in all available surgical technical advances in the treatment of Hernias.
