

ABDOMINAL WALL REPAIR MASTER CLASS
 Medtronic Innovation Center
 AUGUST 26-27, 2019

Medtronic

Experts: Dr. Philippe Hauters; CHWAPI- Belgium
 Prof. Elie Chelala; CHUNDS- Lebanon
 Prof. Frederik Berrevoet; GUH- Belgium

August 26, 2019	Topic	Expert
08:20	Pick up from Hotel	
08:45	Welcome to Medtronic Innovation Center	
08:55 to 9:15	Lab regulation	Head Veterinary lab
09:15 to 09:45	Basis of physics for good laparoscopic ventral hernia repair (Mesh selection, positioning and fixation)	Prof Berrevoet
09:45 to 10:15	LVHR: Surgical technique with Bridging, Tips & Tricks	Dr Hauters
10:15 to 10:45	LVHR: Surgical technique with Augmentation, Tips & Tricks	Prof Chelala
10:45 to 11:00	Coffee Break	
11:00 to 11:30	LVHR: Indications & Limitations of Bridging Technique	Dr Hauters
11:30 to 12:00	LVHR: Indications & Limitations of Augmentation Technique	Prof Chelala
12:00 to 12:30	Techniques for open repair (retromuscular Stoppa, anterior and posterior component separation)	Prof Berrevoet
12:30 to 12:40	Introduction to the Lab session	Dr Hauters
12:40 to 13:30	Lunch	
13:30 to 16:00	Lab Session Laparoscopic techniques Lap closure of defects : U-reverse stich, endoclose Lap IPOM Ventral Hernia repair Open Ventral Hernia - Stoppa, Anterior and posterior component separation	
16:30	Departure to the hotel	
18:45	Pickup for Dinner	

August 27, 2019	Topic	Expert
08:40	Pick up from Hotel	
09:00 to 09:30	Drawbacks and Complications of LVHR	Prof Chelala
09:30 to 10:00	Biological Mesh/ Options in the management of infected abdominal wall mesh	Prof Berrevoet
10:00 to 10:30	Paraesophageal Hiatal Hernia: technique recommendations	Dr Hauters
10:30 to 10:45	Coffee Break	
10:45 to 11:15	Inguinal Hernia: TAPP repair	Dr Hauters
11:15 to 11:45	Inguinal Hernia: TEP repair	Prof Chelala

11:45 to 12:15	Prevention of incisional ventral hernias	Prof Berrevoet
12:15 to 12:40	Indications for mesh in PEH repair	Dr Hauters
12:40 to 13:30	Lunch	
13:30 to 13:55	Strategy for treatment of large incisional hernias: place of the peritoneal flap technique	Dr Hauters
13:55 to 14:35	Pre- and peroperative strategies for treatment of large incisional hernias	Prof Berrevoet
14:35 to 15:00	Treatment of recurrent incisional hernias	Prof Chelala
15:00 to 15:30	Debriefing of the meeting Questions and suggestions from the participating surgeons	All participants
15:30	Closing
